

Dear parents and guardians,

We close the gates of our Kitas on November 14th at 1 p.m. – why?

Because we are committed to ensuring that the daycare centers are adequately financed.

Together with the Vereinten Dienstleistungsgesellschaft (ver.di), the specialists of all AWO district associations and – hopefully – you and your children, we are working to achieve a fair financing of social work and to implement the TV-L, the collective agreement for the public service, to 100%.

This would noticeably improve the remuneration of the specialists in our daycare centres.

In talks between ver.di, the AWO and politicians, it was shown that a complete refinancing is necessary for the implementation of the TV-L in the AWO.

Especially now, in the current hot phase of budget planning 2020/ 2021, it is important to announce the justified demand for equal pay for equal work.

Together!

Bring your own piggy bank with you to make noise with!

In the interests of sustainability, we have decided against serving tea. Remember to bring warm drinks with you.

Let us set an example for a fair remuneration in the social area!

Schedule:

We meet on Thursday at 2 p.m. at the Lustgarten.

At 2.45 p.m. there will be a rally in front of the Rotes Rathaus.

At 3.30 p.m. we arrive in front of the Senate Department of Finance. The rally ends at 4 p.m.

In case you have further questions please contact our Kita specialist advisor, Ms. Elisabeth Krista:
